

# AOS5000R

## Features

- Chemical free, dry solution to removing odours from guest rooms
- No monthly running cost
- Simple timer based operation
- Quick and longlasting results

## Benefits

- Eradicates all unwanted odours without the use of fragrance masking sprays
- Oxidizes odour causing bacteria

## Eco-friendly

- Eliminates all chemical usage
- No cartridges or filters to replace
- Low power consumption

## Effectiveness

- Effective in 30 minutes or less
- Commercial strength ozone eliminates the need for repeated exposure

### Basic Controls

Simply turn the runback timer to the required length of treatment and turn on.

### No Perishables

No chemicals to replace nor filters to discard.

### Quality Components

Top class electronics are used throughout for the longest possible product lifespan.

	ITEM	AOS-5000R
Ozone	Ozone Gas Output	5000mg/hr
	Ozone Output	0 - 30min or 0 - 120min
	Permitted Humidity	80%, non-condensing
	Treatable Area	100m <sup>2</sup>
	Electrode lifespan	+14 000 treatments @ 30min each
Airflow	Input Air	Ambient
	Input Airflow	200CFM @ 0Pa
	Input Air Temperature	5 ~ 30°C
Power Supply	AC Input	200 ~ 240 Volt, 50Hz
	Power Consumption	200W
Appearance	Dimension	350 x 190 x 300 mm (L x W x H)
	Weight	6.5kg
